Level I
MemGram® Apprentice Certification

Level I MemGram® Apprentice Certification is an exploration into the nature and potential of consciousness. The Apprentice course of study teaches the foundational concepts, terms and principles of MemGram® Processing.

The course objective is to promote and accelerate the advancement of consciousness to achieve health, personal growth and transformation. This is accomplished through knowledge of the ultimate nature of personal realities. This knowledge is acquired utilizing the analytical tools of the MemGram®, a graphical, multi-dimensional image of an individual's physical, mental, emotional and spiritual history.

The MemGram® is a natural interface that incorporates the visible with the invisible, and integrates the body, mind and spirit connection. As a MemGram® Apprentice you will be trained to translate and implement the multi-dimensional healing aspects of the MemGram® and facilitate shifts in consciousness that serve to promote healing, spiritual growth and development.

As a MemGram® Apprentice you will learn to objectively utilize the powerful tools of the MemGram® to promote self-awareness in yourself and others. Discover the intimate and personal nature of life energy and how, despite our past conditioning, we can influence present quantum realities of our life to promote health, prosperity, romance and success.
